EMPLOYMENT OPPORTUNITY

Environmental Health Specialist I/II/III

Hiring Range I: $4,183 to $4,602 Monthly + Benefits
Hiring Range II: $4,704 to $5,175 Monthly + Benefits
Hiring Range III: $4,996 to $5,496 Monthly + Benefits

The County of Yuba is currently recruiting for the position of Environmental Health Specialist I/II/III. This position performs professional inspection and enforcement of state and local codes and regulations to protect the public and environmental health of the citizens of the County; and perform related work as assigned. This is a multi-level class series in which incumbents may be assigned to any one of three levels depending on organizational needs, professional experience, individual expertise and skill, proficiency gained and the complexity of sensitivity of assignments. The Environmental Health Specialist series is flexibly staffed through level III. Promotion from one level to the next in the series is at the discretion of the appointing authority, provided the minimum qualifications are met.

Environmental Health Specialist I – is the entry professional level in the series. Initially under close supervision, incumbents perform the more routine public and environmental health inspection duties while learning County and departmental policies and procedures and becoming familiar with departmental systems and practices.

Environmental Health Specialist II – is the journey professional level in the series. Under limited supervision perform the full range of professional duties, including inspection, enforcement, mitigation and educational activities requiring a thorough know ledge of environmental health law s, ordinances and procedures. This is the journey level in the environmental health series.

Environmental Health Specialist III – is the advanced journey professional level in the series. Incumbents at this level receive only occasional instruction or assistance as new or unusual situations arise. As employees progress through these levels they will be assigned more difficult and sensitive cases, will be required to be fully aware of the operating procedures and policies within the department, and may be required to perform the most complex cases that could have far-reaching implications. This position reports directly to Environmental Health Supervisor or Director of Environmental Health. This class is distinguished from Environmental Health Supervisor in that the latter is the full working supervisory level in this series.

Ideal Candidate: The ideal candidate will have knowledge of the principles and practices of public and environmental health and be motivated to continue to learn and grow in the field. They will have the ability to be detailed and thorough conducting inspections and investigations; analyzing the results of inspections and developing basic mitigation and/or enforcement strategies. The ideal candidate has analytical ability in interpreting, applying and explaining applicable laws, codes and regulations is required. Environmental Health Specialists can listen carefully to others to understand the points being made and ask questions as appropriate; accept criticism and perform calmly. The ability to make rational judgments and decisions in a timely manner, particularly in situations involving potential risks is essential.

Letter of Approval from the California State Department of Health Services is Required at time of Application

Must attach a letter of Approval from CA Department of Health Services indicating you are able to enter the Environmental Health Specialist Training Program. Must attach Registration as an Environmental Health Specialist to be considered at Level II or III.
