

County of Santa Clara
Director Environmental Health Department
\$143,639 - \$184,290, Annually DOE

The Director of Environmental Health is responsible for planning, directing, coordinating and managing the administrative and operational activities of the Environmental Health Department within the Consumer and Environmental Protection Agency. This is an executive management position that reports directly to the Director, Consumer and Environmental Protection Agency

The Director of Environmental Health is a complex and highly visible position that will require the successful candidate to possess a current, valid Certificate of Registration as an Environmental Specialist issued by the State of California.

A qualified candidate would typically possess a Bachelor's Degree in Environmental Health or a closely related field and a minimum of five (5) years of recent progressively responsible experience working in an Environmental Health program. At least two (2) years experience managing a multifaceted Environmental Health program with a minimum of three (3) years of experience performing the duties of a California Registered Environmental Health Specialist.

Possession of a Master's Degree in a related field may substitute for one (1) year of the general experience. Administrative experience handling complex budgets and programs is desirable.

All qualified applications will be subject to a preliminary competitive rating to identify those candidates to be invited to the oral interview process. It is critical for applicants to submit an online application, resume, and responses to the supplemental questionnaire.

For a complete job description or to apply online please go to: www.sccjobs.org

Salary range is coupled with a generous and comprehensive benefits package.

This recruitment is scheduled to close on March 31, 2017.
