

Is Your Business CERS Ready?

HAZARDOUS MATERIALS

that handle hazardous materials at or above reportable quantities (55 gallons for liquids, 500 pounds for solids, 200 cubic feet for compressed gases).

HMBPs must be submitted and recertified annually via the California Environmental Reporting System (CERS). An HMBP requires the following elements:

- Business Owner/Operator Information
- Business Activities
- Hazardous Materials Inventory
- Site Map
- Emergency Response / Contingency Plan
- Employee Training Plan

NES HMBP Compliance Program

A Hazardous Materials Business Plan (HMBP) is generally *required for businesses in California*

HMBPs are put in place to protect employees and the environment from hazardous materials releases or incidents; *protect your business from potential citations and fines for a low annual fee with the NES HMBP Compliance Program.* Learn more by contacting us at environmental@nesglobal.net, and get ready to enjoy the peace of mind that comes with entrusting our experienced professionals with your facility's HMBP compliance.
